

Week 1 Assignment

The screenshot shows the Programiz Python Online Compiler interface. At the top, there's a navigation bar with a home icon, the URL "programiz.com/pythc", a search/magnifying glass icon, a plus sign, a notifications badge with the number "29", and a three-dot menu icon. Below the navigation bar, the header includes the Programiz logo and "Python Online Compiler". On the right side of the header is a "Programiz PRO" button. The main area has tabs for "main.py" (which is currently selected) and "Output". To the right of the tabs are icons for brightness, sharing, and a large blue play button. The code editor contains the following Python script:

```
1 score = 100
2
3 if score >= 75:
4     print("Passed")
5 else:
6     print("Failed")
```
